Dear Sir:

On October 21, 2005 a Notice of Allowance was mailed for the above-mentioned application that presented a statement of reasons for the allowance of the claims. Applicant traverses the statement in that there are broader and other reasons why the claims are allowable over the prior art.

Applicant traverses the statement to the extent that it misstates the inventions claimed. For example, the statement makes mention of elements that are not present in the claims, such as "means of placing a second label."

Respectfully submitted,
